SUBJECT: INSCOM CENTER LANE Project (U)

Commander
USA Intelligence and Security Command
Arlington Hall Station
Arlington, VA 22211

1. (U) Reference memorandum, INSCOM, IACG, 17 Jul 84, subject: INSCOM CENTER LANE Project (U), (S/CL-3/NOFORN).

2. (S/CL-1/NOFORN) The Secretary of the Army has approved ending the Intelligence and Security Command's (INSCOM) involvement with psychogenic research and operations. A copy of the OACSI, DA memorandum to the Secretary on the subject, with his noted approval, is enclosed.

3. (S/CL-3/NOFORN) You are authorized to coordinate directly with CIA, DIA, NSA, and the Army Medical R&D Command regarding transfer of CENTER LANE operations and research. Any transfer of project personnel, files, equipment, contracts, etc., should be covered by a Memorandum of Agreement (MOA). Any such MOA should be provided for review by the OACSI prior to implementation.

4. (S/CL-1/NOFORN) If CENTER LANE Special Access Program (SAP) should be terminated or transferred, as appropriate, after INSCOM involvement is discontinued,

a. (S/CL-3/NOFORN) If the Medical R&D Command becomes involved and desires SAP protection, the project name should be changed and the Secretary of the Army duly notified.

b. (S/CL-2/NOFORN) If a non-Army agency assumes the project functions, the SAP should be terminated. If that agency desires SAP protection and support for an interim period this should be provided under a new name.
